

2nd October 2026

Dear Year 5 Parents/Carers,

Year 5 are expecting some exciting visitors: on Tuesday 17th November, a Planetarium is visiting school as part of our Earth and Space science topic.

The pupils will take part in a workshop during the morning, during which the solar system will be projected onto the ceiling of a special dome that will be erected in the KS1 Hall.

The cost is £4.80 per pupil. Please ensure payment is made via the Arbor App before Tuesday 10th November. Please be aware that should sufficient funds not be received; we may have to cancel the experience.

We are sure that the Year 5 pupils will thoroughly enjoy this event.

If you have any questions, please speak to your child's class teacher.

Kind regards,
The Year 5 Staff
HCPS
